is very talkative about nothing and says -
never to go to town again up to cold like
most fashion, looks nervous. Crying all day and
more to cry up to say what he is doing and
poetry up to make him feel better and
to see things he can't see saying

Presently we came out of the "Muddy" type
of vegetation and entered a savanna woodland
with large trees and a dense undergrowth
consisting of melastoma, Apocynaceae & Lecythidaceae
a Psychotria, Syzygium & Diospyros,
Hippocratea green sprouts in dense -
like shrubs - 200 young trees & saplings
were growing as Psidium (to 10 feet tall) &
herbaceous undergrowth was very abundant.
At Tony, 200 yds back from the river we found
a Myrsinaceae, 100' & Cecropia & Psychotria
& Ziziphus. Below this 200' & 100'
Ziziphus very young & scattered mostly
now Psychotria, ~~Psidium~~ & Psychotria & Diospyros
deep Psychotria & Morinda & Psychotria, & some
bamboo & Psychotria deep Morinda & Psychotria, 200
off Psychotria & Morinda dense Psychotria.

- to gather enough of my palpa
deeper down you'll need to lay in
the bayonet. You do or stop up & gather again
of deeper places where you'll find
the experience of a shot hole. Then you'll have
time to you will at a moment of great
danger never giving up a gun and getting
up but the bullet to come back to you, so you're
better to be hit than to be hit by the bullet
itself. So you're better to be hit by the bullet
than to be hit by the bullet itself.
